## 1. REISSUANCE AND PURPOSE

This Directive reissues reference (a), updates policy, and assigns responsibilities for managing the FTS program in the Reserve components.

## 2. APPLICABILITY

This Directive applies to the Office of the Secretary of Defense; the Military Departments (including the Coast Guard when it is not operating as a Military Service in the Department of the Navy by agreement with the Department of Transportation), the Office of the Chairman of the Joint Chiefs of Staff; the Combatant Commands; the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all organizational entities within the Department of Defense (hereafter collectively known as the "DoD Components").

### 3. DEFINITIONS

Terms used in this Directive are defined in enclosure 1 and in reference (b).

### 4. POLICY

It is DoD policy:

4.1. To maintain a cadre of full-time support (FTS) personnel who are responsible for assisting in the organization, administration, recruitment, instruction, training, maintenance and supply support to the Reserve components. The mix of FTS personnel, which consists of Active component (AC) personnel, Active Guard and Reserve (AGR) personnel, military technicians (dual-status) (MT), non-dual status technicians (NDST), and other Federal civilian (CIV) employees, shall be determined by the Secretary concerned to optimize consistency and stability for each Reserve component to achieve its assigned missions.

4.2. To maintain an FTS force capable of ensuring the accomplishment of the following Reserve component readiness goals:

4.2.1. Mobilizing and enhancing the deployability of Reserve component units and personnel.

4.2.2. Achieving established unit readiness and deployability standards.

4.2.3. Training Selected Reserve personnel in their military occupations to ensure their skill qualification and readiness.

4.2.4. Recruiting and manning Reserve component units.

4.2.5. Maintaining unit equipment, facilities, supplies, and records.

4.2.6. Providing Reserve component advice, expertise, and liaison to AC activities, the Secretary of Defense, the Secretaries of the Military Departments, the Joint Chiefs of Staff and the commanders of the Combatant Commands, and assisting in the development of policy and procedures affecting the Reserve components.

4.2.7. Providing AC experience, advice, doctrinal expertise, and liaison to Reserve component units.

4.2.8. Supporting Total Force integration initiatives and Reserve component missions.

4.3. That centralized administrative and operational headquarters and support functions use FTS personnel consistent with Reserve component readiness requirements, DoD manpower determination requirements, applicable laws, and fiscal and manpower constraints to ensure that such organizations function at the most efficient and cost-effective manning level, thus maximizing the readiness of the units they support.

4.4. To assign or attach AGR, MT, and AC personnel to designated FTS billets in Reserve component units and organizations. Personnel so assigned or attached shall meet mobilization and deployment standards, and shall mobilize and deploy according to the policy in this section.

4.5. That FTS positions requiring current military expertise, as determined by the Secretary concerned, shall be filled by AGR, MT, or AC personnel. Other FTS positions not requiring current military expertise shall be filled by CIV personnel or NDST consistent with the definitions in enclosure 1.

4.6. That AGR personnel shall be assigned duties as described in 10 U.S.C. 101, 10 U.S.C. 10211, and 10 U.S.C. 12310 (reference (c)).

4.7. That AGR programs in each Military Service shall be administered as career programs that may lead to a military retirement after attaining the required years of active Federal service. Personnel may be placed in AGR status for occasional, one-time tours, or for a probationary period established by the Secretary concerned. A probationary period shall not exceed 6 years. Continuation beyond the initial probationary period, or service in AGR status for more than 6 years constitutes retention and shall require subsequent management under a career program. The probationary period shall commence not earlier than March 24, 1997.

4.8. That AGR personnel, except Coast Guard Reserve Program Administrators (RPAs), shall be counted against authorized Selected Reserve end strengths as authorized by the Congress each year for their respective Reserve component; against the authorized end strengths for Reserve component members on active duty or full-time National Guard duty in support of the Reserve component; and, if applicable, against congressional authorizations for the grades of E-8, E-9, O-4, O-5, and O-6.

4.9. That supervisory authority for FTS members shall correspond with military operational lines of authority.

4.10. To assign AC personnel who possess expertise and recent experience in AC training and doctrine to provide advice, liaison, management, administration, training, and support to the Reserve component.

4.11. That the military nature of the technician program is paramount over all other considerations, and that the management of MT, NDST, and CIV personnel shall be as follows:

4.11.1. MTs shall, as a condition of their civilian employment, maintain dual status as members of the Selected Reserve component by which employed and shall remain qualified in both their civilian and military positions. MTs shall maintain active status in the Reserve component unit in which they are employed as a civilian, or one in which they are employed to support (Army Reserve non-unit MTs must maintain membership in the Selected Reserve component by which employed). The skill requirements of the military and civilian positions for MTs shall be compatible.

4.11.2. Loss of Selected Reserve membership by an MT shall result in removal from the MT program in accordance with 10 U.S.C. 10216 (reference (c)) and 32 U.S.C. 709 (reference (d)).

4.11.3. Applicable to the category of civilian personnel concerned, programs for civilian FTS personnel in each Service shall provide the opportunity for promotion, career progression, retention, education, and professional development, consistent with strength limitations, policy in this section (section 4.), and DoD civilian personnel policy. Career programs should be structured to provide for both the civilian and military career needs of FTS personnel, as applicable.

4.11.4. MTs shall be called or ordered to active duty with the unit to which they are assigned in a military capacity when such units are activated. During inactive duty training and annual training, MTs shall perform training in their assigned military position. MTs shall not perform their civilian duties during such training unless their civilian and military duties are identical.

4.11.5. MTs participating in unit deployments, direct support of contingency operations, or operations or support in hostile fire or imminent danger areas outside the United States, its territories and possessions shall perform those operations or that support in a military status under 10 U.S.C. (reference (c)). Duty status for MTs

performing other missions or support outside the United States and its territories and possessions shall be according to policy established by the Secretary concerned.

4.11.6. MTs shall be used to maximize readiness, and priority for unit/organization resourcing shall be given to high priority and early deploying units in accordance with Section 10216 of reference (c).

4.11.7. In accordance with reference (c), and except as otherwise required by law, MTs shall be managed as a separate category of dual-status civilian personnel; shall be exempt from any requirement for reductions in DoD civilian personnel; and shall be reduced only as a direct result of military force structure reductions.

4.11.8. In accordance with 10 U.S.C. (reference (c)) and section 709 of 32 U.S.C. (reference (d)) NDSTs shall be managed and accounted for as a separate category of FTS; shall not encumber positions identified as MT positions, requiring dual-status incumbents; and shall encumber only positions identified by the Secretary concerned as NDST positions unless otherwise permitted in law.

The Secretary concerned shall establish specific criteria for retention of AGR personnel on completion of any probationary period that has been established.

5.2.5. Conduct an annual review of the utilization of FTS members and accomplish the reporting requirements established in 10 U.S.C. 10216 (reference (c)).

5.2.6. Ensure that all FTS positions that do not require military FTS personnel are filled only by NDST or CIV personnel, as appropriate, consistent with the definitions in enclosure 1 and references (c) and (d).

5.2.7. Establish Military Service policy for implementing MT military leave under 5 U.S.C. 6323(d) (reference (e)), ensuring that such policy applies equally to all MTs.

Those personnel are not members of the Selected Reserve but may deploy with their assigned unit when mobilization occurs. AC personnel who shall mobilize with the Reserve component unit to which assigned are counted as part of the Reserve component trained strength in units, but are not included in the Selected Reserve strengths.

E1.1.2. Active Guard and Reserve (AGR). Members of a Reserve component on active duty under 10 U.S.C. 12301 (reference (c)), 14 U.S.C (reference (f)), or full-time National Guard duty under 32 U.S.C. 502(f) (reference (d)) for a period of 180 consecutive days or more to perform duties as described in Sections 12310 and 10211 of 10 U.S.C. (reference (c)).
